PORCELAIN & WALL TILES COLLECTION

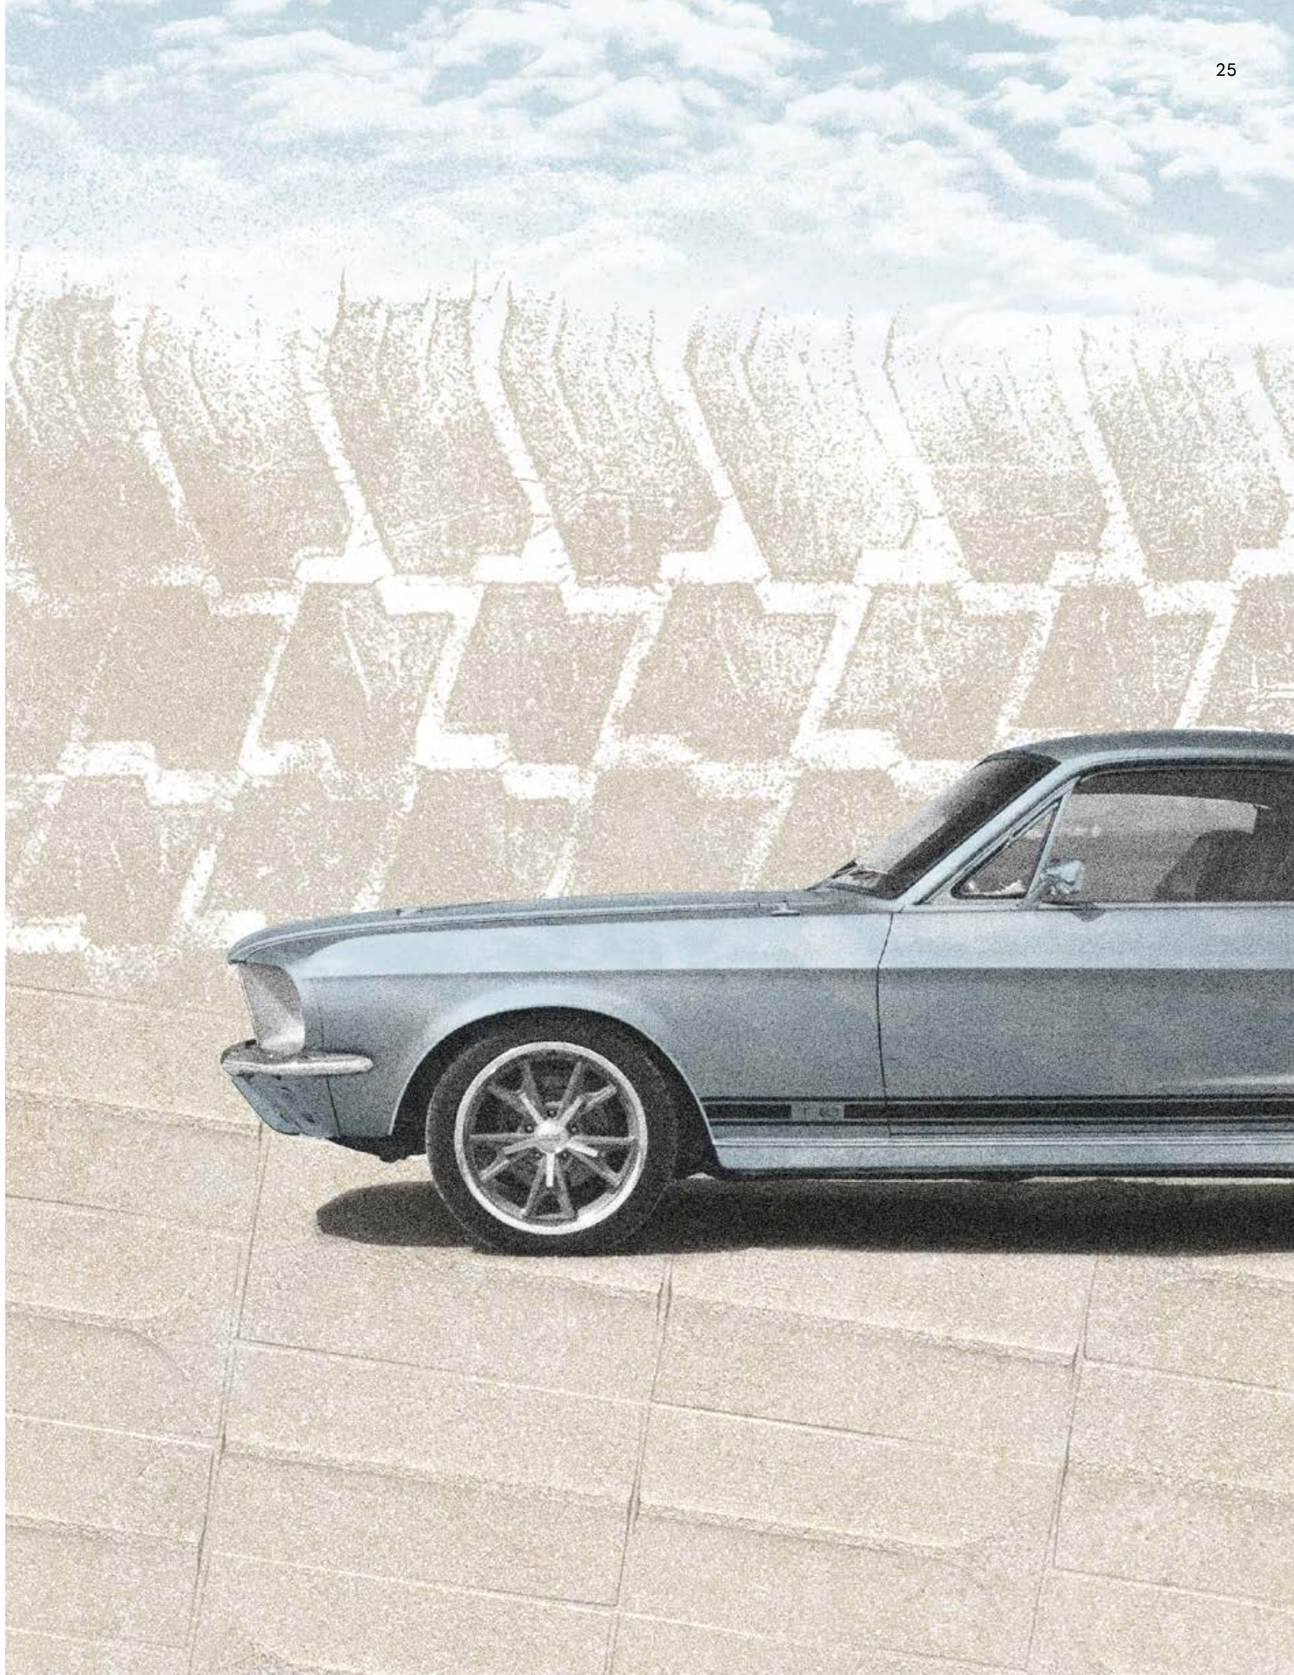

SAND BOURBON BONE

LEMANS se inspira en la solidez de las piedras francesas, reinterpretadas con una superficie mate y suavemente abujardada que realza su carácter mineral. Sus tonos Bone, Sand y Bourbon forman una paleta natural y equilibrada, desde matices luminosos hasta opciones más cálidas. Una colección de estética arquitectónica y gran versatilidad, pensada para crear espacios continuos que combinan tradición, materia y diseño contemporáneo.

LEMANS draws inspiration from the strength of French stone, reinterpreted through a matte, softly bush-hammered surface that enhances its mineral character. Its Bone, Sand and Bourbon tones create a natural, balanced palette, ranging from bright shades to warmer nuances. A collection with a strong architectural aesthetic and great versatility, designed to create continuous spaces that combine tradition, materiality and contemporary design.
